To whom it may concern:

I am happy to say that we endorse Christopher Watkins and Algorithm, Inc. for having done an exceptional job. They produced our very unique trade show promotion when called upon to do so at the very last minute.

The quality of the work was top, and the service was very personal. We hope to work with Algorithm, Inc. again, and can commend Christopher Watkins on his talent, willingness to be hands-on, and professional abilities.

With our compliments,

[REDACTED]

Meredith Bartlett
Vice President of New Business Development
